

Position

The Department of Mathematics & Statistics in the College of Science & Engineering seeks a dynamic colleague committed to fostering teaching excellence and student development in a program that values creativity, collaboration, learner-centered pedagogy, and diversity. The new faculty member will join a collaborative group of 22 mathematics and statistics faculty who serve the entire campus community.

We seek applications for a full-time, Professional Assistant Professor position to begin in Fall 2019. Although this is a non-tenure track position, progression in rank to professional associate and professional professor position is possible.

Responsibilities

The successful candidate will teach multiple courses in undergraduate mathematics and statistics, participate in the ongoing development of such courses, and take a leadership role in common assessment efforts. The workload is 30 hours of teaching (typically, five three-hour courses per semester), and professional service over 9 months. No expectations for research is required.

Department

The Department of Mathematics & Statistics in the College of Science and Engineering strives to educate students at the University so that they are prepared to use mathematics intelligently in their chosen fields of study and to understand mathematics as it affects their lives and participation in public affairs. The Mathematics Program provides its majors and graduate students with preparation for careers in education, science, and commerce, as well as providing a solid foundation for further study in mathematics. We also strive to serve our community by providing expertise to local schools, industry and business.

TAMUCC Statement

Texas A&M University-Corpus Christi is a rapidly growing doctoral research university with more than 12,000 students. A Hispanic-Serving Institution on the cultural border with Latin America, TAMU-CC provides a robust campus experience focused on student and faculty success. Located on its own island on the Texas Gulf Coast, the “Island University” was recently recognized as one of the most beautiful coastal campuses in the United States. State-of-the-art classroom and laboratory buildings, support facilities, and recognized faculty strategically position TAMU-CC to achieve its goal of national and international prominence as an emerging research institution.

Required Qualifications:

- Ph.D. in Mathematics, Statistics, or a closely related field.
- Demonstrate excellence in teaching undergraduate mathematics and statistics courses, or the potential for effective teaching of such courses.
- Ability to collaborate effectively with colleagues in performing professional service.

Preferred Qualifications:

- Breadth and depth of mathematical knowledge.
- Demonstrate a commitment to and preparation for excellence in teaching upper-level undergraduate mathematics courses.
- Ability to work with diverse student populations at the college level.
- Excellent interpersonal, verbal, and written communication skills.

Apply online at <https://islanderjobs.tamucc.edu>

A completed application will include:

1. A letter of interest describing qualifications for the position
2. A curriculum vitae
3. A statement of mathematics teaching philosophy
4. Copies of all graduate transcripts
5. A list of three professional references including names, titles, phone numbers and email addresses (finalists will be required to submit three letters of recommendation).

Priority consideration will be given to applications received by Friday, February 1, 2019. The position will remain open until a finalist is selected.

All positions are security-sensitive. Applicants are subject to a criminal history checks, and employment is contingent upon the institution's verification of credentials and/or other information required by the institution's procedures.

Texas A&M University, Corpus Christi is an Equal Opportunity/Affirmative Action/Veterans/Disability Employer committed to diversity.
