CMSS Courses (click links to course descriptions)

**Coastal and Marine System Science**
- CMSS 5340 - Ocean Resources
- CMSS 5392 - Thesis I: Thesis Proposal
- CMSS 5393 - Thesis II: Thesis Research
- CMSS 5394 - Thesis III: Thesis Submission
- CMSS 5596 - Directed Independent Study
- CMSS 5940 - Thesis Project Research
- CMSS 6102 - Seminar in Coastal and Marine System Science
- CMSS 6303 - Natural Systems Analysis
- CMSS 6305 - Natural Systems Modeling
- CMSS 6307 - Coastal and Marine Systems
- CMSS 6308 - Coastal Geoenvironments and Change
- CMSS 6323 - Experimental Design
- CMSS 6327 - Physical Oceanography
- CMSS 6330 - Geospatial Analysis
- CMSS 6333 - Paleo Systems
- CMSS 6334 - Geological Oceanography
- CMSS 6352 - Environmental Forecasting
- CMSS 6357 - Global Geochemical Cycles and Change
- CMSS 6359 - Marine Ecosystem Dynamics
- CMSS 6362 - Global Change and Its Impact on Aquatic Ecosystems
- CMSS 6370 - Coastal Management and Ocean Law
- CMSS 6372 - Environmental Sustainability Economics
- CMSS 6401 - Mathematical Concepts for System Science
- CMSS 6590 - Advanced Topics
- CMSS 6596 - Directed independent Study
- CMSS 6996 - Research
- CMSS 6998 - Dissertation Research
- CMSS 6999 - Dissertation Defense
