Call for Nominations for 2020 Don Owen Award

The San Antonio Chapter of the American Statistical Association presents the Don Owen Award to a statistician who embodies the three-fold accomplishments of Donald B. Owen, who before his death in 1991 was Distinguished Professor of Statistics at Southern Methodist University in Dallas, Texas. Owen's illustrious career serves as the standard against which nominees are evaluated for excellence in research, statistical consultation, and service to the statistical community. Among his accomplishments, Owen authored seven textbooks, seven monographs, and more than 75 articles in refereed journals; and trained 19 doctoral and master's students. He served as an applied statistician for ten years for the Sandia Corporation, and operated his own private consulting firm, specializing in quality control. Owen was editor of Communications in Statistics for both Series A and B, associate editor of *Technometrics* and of *JASA*; and he edited over 50 textbooks. The San Antonio Chapter is currently accepting nominations for the 2020 Don Owen Award from ASA chapters in North America.
